MC1 Users Survey
post-conference January 2011

6 participants took the survey
1. Was the users conference useful to you?
   6 yes out of 6 (one highly useful)

2. Should we consider repeating this event ... annually?
   5 yes out of 6

3. Was the format of the conference (2 days) appropriate for your needs/busy schedule?
   6 yes out of 6
What was the most useful part of the conference?

1. No one part. Lots of new insights came at misc. parts.
2. Hearing what other projects are
3. Talks of the first day.
4."How we do it”
5. Hearing other's experiences/challenges.
6. Getting an idea of how to run the model
Do you think you may contribute new code/improvement to the model in the future?

1. Possible, but unlikely
2. Probably not - I'm not a computer scientist – but I'd be happy to think about how to incorporate more biology into the model.
3. yes
4. yes.
5. Absolutely! Looking forward to it!
6. yes
Did the users conference make you change your mind about the model MC1? (more or less useful for your purpose)

1. Already committed to MC1.
2. Not really
3. Gave a realistic view of challenges in using the model
4. Yes
5. No. Just brought some clarification
6. No
